Drama Production 2008
Directors: Mr. Eddie Paris and Ms. Lisa Fasano

Life 101

By Willyn Webb

Audiences of all ages will laugh, identify and grow along with Jesus in the hilarious classroom in the clouds where he prepares for his time on Earth. From preschool through high school, it's a heavenly cram session full of lessons in life! After a touching father and son conversation, Jesus enters preschool, where he interacts with Old Testament figures for instruction on helping, sharing and the buddy system. In elementary school, Jesus learns about following instructions, praying and obeying. In middle school, fashion and fun rule the school, but lessons in suffering, forgiveness and trust make a huge impact. Finally, Jesus moves on to high school, where his preparations include experience with temptation, sacrifice and faithfulness. The motivational graduation sends Jesus off to his birth on Earth and the audience home full of joy and a solid review of Biblical characters and the life lessons they illustrate.
